## **New Braunfels Utilities in Final Phase of Capital Improvement Project Along San Antonio Street**

(New Braunfels, TX – May 31, 2019) – In December 2018, responding to the rapid growth of our community, and need to increase capacity of services, New Braunfels Utilities (NBU) began a Capital Improvement Project along San Antonio Street, running from Walnut Avenue to Academy Street. Crews have rehabilitated 3,063-feet of water main and are scheduled to begin the rehabilitation of 3,116-feet of sewer main along the same route. This project will allow for increased sewer reliability for customers in the area.

During the sewer main rehabilitation phase, drivers should anticipate traffic delays and periodic slowdowns along San Antonio Street and adjoining streets. No lane closures are anticipated during working hours.

Flaggers and traffic control signs will be in place to safely guide traffic through the area. Possible lane closures may take place during the overnight hours to minimize traffic disruption. Closures would be necessary to maneuver equipment, materials, and crews safely. For additional information, please call 830.608.8971.

Work is expected to be completed by the end of July 2019, pending weather and other factors.

###

About New Braunfels Utilities:

Dedicated to excellence in service, New Braunfels Utilities is one of 2,000 community-owned, nonprofit public power electric utilities in the nation. The mission of New Braunfels Utilities is to enhance the quality of our community by providing innovative, essential services. Governed by a Board of Trustees comprised of local residents appointed by the New Braunfels City Council, New Braunfels Utilities is committed to being a recognized and trusted community partner, providing electric, water, and waste water services. Utility revenues are continually invested back into the systems of the customers, which benefits the community. New Braunfels Utilities makes an annual transfer to the City of New Braunfels, which in turn helps to pay for services such as fire, police, and parks.
