

Job Title: Billing Services Rep

Department: Customer Service Location: Main Office

Reports To: Billing Supervisor **Job Status:** Full-Time

Pay Status: Non-Exempt Job Grade: 209

Date Created / Updated: 5/20/2022

Position Summary

The Billing Service Rep is responsible for accurate and timely billing of 3 utility services, water, electric and wastewater and two city services, garbage and recycling.

Essential Duties and Responsibilities.

- Analyze multiple meter reading verification reports for each route
- Awareness of current weather conditions and understanding of historical usage
- Research irregularities in electric, water and wastewater usage
- Verify and confirm reads using various software; MeterSense and Itron
- Knowledge of solar meters and billing and banking net usage
- Check high usage accounts for continuous usage indicating potential leaks
- Monitor vacant and disconnected accounts for usage, research unexplained usage and reach out to CS and Operations
- Estimate usage based on account history and NBU estimation guidelines
- Prorate usage based on read dates and service periods
- Strong knowledge and understanding of current rates, account classifications and misc fees added by multiple departments
- Ability to calculate charges manually using current rates and usage
- Ability to validate system prorated charges during rate changes
- Prepare billing journals, verify usage and charges for all accounts
- Create billing files with correct file type and send to outsourced processor
- Check billing statements for accuracy prior to approving for mailing
- Post billing batch and check each route for unbilled accounts
- Research unbilled accounts and reason, follow-up if necessary
- Check and confirm miscellaneous fees such as impact, meter set fees, reconnect and admin charges on all accounts
- Verify City services are added and billing accurately on applicable accounts
- Review account classifications, service periods, bill codes and charges on all first bills
- Confirm auto draft is added to delayed accounts
- Manage damage claims from water and electric ops, bill accounts in GP Dynamics and NorthStar

Coordination and Communication Between Departments

- Schedule rereads, meter investigations and general service orders
- Frequent verbal and written communication with Metering, Water and Electric Ops regarding meter reads, missing meters, stopped meters and usage/read issues
- Frequent verbal and written communication with Customer Service regarding customer fees, services, auto-pay and COT issues
- Notify Customer Service and Conservation and Customer Solutions departments of customer water issues, such as high usage and continuous consumption. Send customer letters when applicable.

• Verify impact fees, meter set fees, D/R fees and damaged meter charges with New Construction Department, when needed.

Software and Basic Skills

- Proficiency in NorthStar CIS and GP Dynamics
- Proficiency MDM systems, such as MeterSense and Itron
- Excellent verbal and written communication skills
- Exceptional time-management and multi-tasking ability
- Strong analytical skills, attention to detail, ability to identify trends and patterns of usage and discrepancies

GENERAL RESPONSIBILITIES

- Maintain regular attendance; leave schedule should be managed so as to not interfere with ability to accomplish tasks
- Adhere to NBU safety guidelines and practices at all times and in all situations
- Maintain a clean and safe work area, office, field site and vehicle as applicable
- Develop & maintain effective customer service skills for communications with co-workers, customers and the public in general
- Maintain strict confidentiality of business, employee and customer information in written and oral communications and safeguard sensitive documents
- Adhere to NBU policies and procedures
- Exemplifies NBU Core Values of Integrity, Stewardship, Team and Safety
- Participate in and support initiatives to reach annual NBU Performance Measures
