Fire Hydrant: Customer Provided and Installed

Customer Service Inspection Fee:

All domestic water meters will be assessed a fee of \$125.00 for NBU to complete a required Texas Commission on Environmental Quality (TCEQ) Customer Service Inspection. If a re-inspection is required, NBU will collect an additional \$125.00 for each re-inspection. Re-inspections occur due to non-compliance during the initial or subsequent inspection(s) or customers failing to show up for pre-scheduled inspections.

Fire Hydrant Meter - For Construction

Fire Hydrant Meter Set - \$442.00

An additional deposit in the amount of \$1,155.00 will be collected and returned to the customer when the un-damaged fire hydrant meter is collected. If the meter is lost, stolen, or otherwise damaged in any way, NBU will not return the deposit to the customer.
