Address City State Zip

Rebate Details

New Braunfels Utilities (NBU) is committed to conserving natural resources and is offering residential water customers **\$250** per irrigation zone that is retired from use. A qualifying zone must have the valve and valve box removed, and all visible heads removed and/or capped.

BEFORE starting your irrigation work, contact the NBU Conservation and Customer Solution Department to schedule an initial irrigation assessment by visiting nbutexas.com or calling 830.608.8925. An irrigation assessment by an NBU Resource Conservation Representative is required BEFORE and AFTER an irrigation zone removal, and that rebates will not be issued for any irrigation work completed prior to an irrigation assessment.

Rebate Information

What is the total number of zones removed? _____ What is the total number of heads capped? _____

What is the total number of zones still functioning? _____

Equipment removed:

Irrigation Meter: _____ Irrigation Control Timer: _____ Backflow Device: _____

Location of Zones Removed:

Front Yard: _____ Back Yard: _____ Flower Beds: _____ Right Side of House: _____ Left Side of House: _____

Who completed the irrigation removal? _____

How did you hear about the rebate program? _____

Read and initial items below

_____ I understand this rebate is available to active NBU water customers only.

_____ I understand an irrigation assessment by an NBU Resource Conservation Representative is required BEFORE and AFTER an irrigation zone removal, and that rebates will not be issued for any irrigation work completed prior to an irrigation assessment.

_____ I understand to qualify for a rebate the entire zone must be retired, all visible spray heads must be removed and/or capped, and the valve and valve box must be removed from the ground.

Read and initial items below

_____ I understand the changes are permanent. I will not revive retired irrigation system or add irrigation zones.

_____ I understand that if I choose to have my irrigation meter removed, it is my responsibility to have the irrigation system disconnected from the irrigation meter before the irrigation meter can be removed by NBU. I will be responsible for any charges associated with having the irrigation meter reinstalled, if applicable.

_____ I agree to comply with all local ordinances regarding the use of water and conserve water while maintaining my landscape.

_____ I understand NBU is not responsible for the condition of my landscape or irrigation system now or in the future.

_____ I understand all rebates and supporting documents must be submitted within one year of the work being performed.

_____ I agree to allow NBU to perform any necessary inspections, both during initial installation and in the future.

_____ Acceptance of this incentive will not exceed NBU's annual program customer limits and may be terminated at any time.

_____ I understand NBU reserves the right to terminate this program and any promotional variations of this program at any time and only NBU approved applications are eligible for rebate under this program.

_____ I understand NBU reserves the right to deny any rebate request if the applicant does not conform to the program guidelines, rules, and specifications; no exceptions.

_____ I understand this rebate has a max payout of \$2,500 dollars per 12 months, which will be applied as a rebate on my NBU water bill.
