Contact Electric Engineering at **830.608.8951** or electricengineeringsupport@nbutexas.com if the electric load would require anything other than a 200 amp single-phase meter.

Irrigation Meters

Effective March 29, 2007, all NBU water customers putting in an irrigation system are required to have a separate water meter installed to serve the irrigation system. Fees will be determined by the meter size and tee-off (if applicable). Please refer to the additional resources section for City of New Braunfels Ordinance and NBU Water Policy information regarding irrigation meters and backflow requirements.

Refer to the **Landscape Watering Regulations**, nbutexas.com/Conservation, for questions concerning drought stages in New Braunfels. **New Braunfels has year-round watering restrictions** that prohibit the use of hose-end sprinklers and pop-up spray head irrigation systems between the hours of 10:00 a.m. and 8:00 p.m. Questions involving current drought stages or the City of New Braunfels Water Conservation Ordinance may be directed to the NBU Conservation and Customer Solutions Department at **830.608.8925** or conservation@nbutexas.com.

A **\$45.00 administrative fee** will be included on your NBU bill after permanent meters have been set.
