From 8AM-12PM

SAFELY DISPOSE OF UNUSED MEDICATIONS

Operation MedSafe is a program hosted by New Braunfels Utilities and supported by the New Braunfels Police Department, providing residents with a secure way to dispose of expired and unused prescription medications, as well as over-the-counter pills, tablets and liquids. The event takes place at the NBU Service Center on Saturday, October 3 from 8am to 12pm.

By participating, community members can safely dispose of medications rather than flushing them or pouring them down the drain, where they could potentially contaminate the water supply. Proper disposal helps protect both public health and local water resources.
